

CASTRO REFUSES TO ARBITRATE QUESTIONS WITH UNITED STATES

AFFAIRS NOW UP TO PRESIDENT FOR A DECISION

Relation Strained With Venezuela.

Four Questions Covered by U. S. Demands—What Will be the Next Step?

(Bulletin.)
Washington, March 24.—Word was received by the state department today that President Castro formally refuses to arbitrate the questions at issue between the United States and Venezuela.

The information came from Minis-

ter Bowen in a dispatch from Caracas this morning. Castro's action is in the form of a note in reply to Minister Bowen's recent communication transmitting the demands of the United States that the pending questions be submitted to arbitration. In the note Castro peremptorily declines to permit any questions to be arbitrated. The text of the communication is not made public, but at the state department, it is announced, the tone is practically insulting. Secretary Taft presented the information to the President and cabinet today. In Bowen's note it was stated that in the event of the refusal of Castro to

arbitrate, this country would be compelled "to take its own course." That course, whatever it may be, will now have to be decided by President Roosevelt and his official advisors.
Mr. Bowen does not say in the dispatch that he has been dismissed from Venezuela, but that relations are strained. It is almost beyond question that he will be recalled even if President Castro does not hand his passport to Mr. Bowen promptly. Administration will either have to drop the matter at this stage or take measures to bring Castro into line. Nothing hasty will be done, however. Four questions are covered by the United States demands:
The alleged wrongful seizure of the New York and Bermudez asphalt

company's property, the Critchfield claim based on the asphalt concession, alleged wrongful expulsion of an American correspondent, Jaurett, and the claim of the Orinoco Steam Navigation company.
Just what the next step in the affair will be is questionable, but undoubtedly vessels of the navy will be sent to the Venezuelan coast to safeguard the interests of American citizens and it is likely they will go beyond a mere naval demonstration and institution of a blockade of the coast as did the European nations two years ago. This would likely precipitate an unpleasant controversy between the United States, Great Britain, Germany, Italy and France, and several minor foreign creditors.

TRUST COMPANY

Has Bought Big Block on the West Side of Square.

MAY ERECT A NEW BLOCK.

Vice President Kennedy Says Nothing Will be Done With Property This Year.

The three story building at the northwest corner of the public square, occupied by Elliott & Wilson, hardware dealers, Evans' barber shop, Dr. R. A. Barrick's dental offices, George Franklin's insurance offices and W. A. Smith's photograph gallery, has been sold to the Newark Trust company, but the consideration is not made public.
The owners of the block occupying a lot 38 1-2 by 126 feet in depth who transferred the property to the Newark Trust company are Mrs. William C. Miller, Mrs. Frank P. Kennedy and Mr. Henry S. Fleck.
For some time there have been rumors afloat concerning the transfer of this property and Mr. Frank P. Kennedy, vice president of the Newark Trust company, said to the Advocate Friday afternoon that the sale had been consummated but that for the present nothing would be done with the property.
It was the intention of the Trust company to remove the building and erect a six story structure on the lot but some of the tenants have leases that will not permit this action. Mr. Kennedy says that nothing will be done until a year from date and that at that time the building will either be remodeled or removed and a six story building erected in its place. It is altogether probable that an entirely new building will be erected.
The Trust company which leased another room of the Doty House some time ago with the intention of enlarging its offices has decided to remain in its present quarters and will rent the room formerly used for the Doty house office.

Stamford, Conn., March 24.—Fanny Crosby, the famous hymn writer, is 85 years old today. "Fanny Crosby day" will be observed Sunday in many churches throughout the country in honor of Frances J. Crosby, the blind author of "Safe in the Arms of Jesus," "Rescue the Perishing," "Blessed Assurance" and more than 8,000 other hymns. Hafe and with every faculty alert, save for blindness, the genial old lady spent her birthday at home here, receiving scores of friends.

The finest coal known in Australia is obtained at White Cliffs, near Wollumbi, in the colony of South Wales, where about 500 miners are in constant work. The best quality of these stones realizes occasionally as much as \$350 an ounce. Up to the end of 1904, \$4,000,000 worth of opals have been exported from New South Wales alone.

VLADIVOSTOK

May be Invested by the Japs Under Kuroki

ANOTHER BATTLE IMMINENT

Russian Forces in Manchuria in a Bad Fix—People are Now Leaving Harbin.

Guntzuling, Manchuria, March 24.—(Bulletin)—Russian officers connected with the headquarters staff seem to be convinced that General Kuroki is moving northeast with the intention of investing Vladivostok. It is reported today that non-combatants are leaving Harbin.

RUSSIANS IN BAD WAY.

St. Petersburg, March 24.—The situation in Manchuria is once more threatening and it is probable that news of another battle will be received within a very few days. It is today reported that the Czar has directed General Linievitch to make a stand at the Zungari river and fight there to the last. As the Japanese are known to be close on the heels of the Russians, this probably means the armies will soon be joined in battle. The reason advanced for the Czar's order is that even if the Russians succeed in getting to Harbin in safety, the army will not be in position to offer effective resistance at that point. While the defense might be strong enough to resist immediate Japanese attack Linievitch would be under the necessity of providing strong guards to prevent the cutting of the railroad. Any lengthy stay at Harbin is regarded as being out of the question under the circumstances. Further retirement into Siberia would be needed. The positions along the Sungari river offers excellent advantages for making a stand for the Russians.
A telegram today received from Guntzuling declares that unless 200,000 reinforcements arrive soon, the army must retreat to the Sungari river and perhaps retire, out of Manchuria. To have the Russian army driven entirely out of Manchuria would be a serious blow to the Russians. It would leave Russia with only the Vladivostok garrison in Manchuria and it would entirely cut off communication with the outside world. That little real hope is held for victory is shown by the preparations being made to stand a siege at Vladivostok. Provisions for two years are being hurried there as rapidly as possible.

At the general staff view that General Linievitch may be compelled to abandon Harbin and retire toward Lake Baikal, leaving Vladivostok to its fate, is regarded as almost unwarranted by anything that is officially known there, it being pointed out that Field Marshal Oyama will have a long and laborious task to bring up an army of 200,000 or 400,000 men. Meanwhile Russian reinforcements are arriving at Harbin at the rate of 1,200 men a day.

NOT A MAN ESCAPED.

Big Russian Detachment Slaughtered by Chinese Bandits.

Gunshu Pass, March 24.—Reports persist of Japanese turning movements on both flanks of the Russian army Chinese state that the Japanese have recruited many Chinese bandits and that probably they are now able to count a superiority in cavalry as well as in infantry. The branch of the Russo-Chinese bank has removed from Keirin to Harbin after an attack on the bank office in which two of the guards were wounded with cobblestones. Captured Japanese report a terrible affair in the streets of Mukden on March 19 when a big detachment of Russians, the last to leave the city, were entrapped by Chinese bandits and a few Japanese soldiers, who closed the city gates and blocked the narrow streets. According to the report, which is not confirmed, not a Russian escaped.

ARRAIGNS REVOLUTIONISTS.

St. Petersburg, March 24.—The Novoe Vremya publishes a remarkable dispatch from a correspondent in the field who, with the bitter taste of defeat still on his palate, discusses the causes of Russian reverses and contrasts the spirit with which Russia and Japan are conducting the war, and with sorrow and disheartenment arraigns the elements in Russia who are nourishing their propaganda on defeats in the far east, "scattering in the very hour of defeat," according to the correspondent "broadcast among the heartsick, raving soldiers, proclamations urging them to cease fighting and surrender."

NEW JAPANESE LOAN.

London, March 24.—According to newspaper statements here the new Japanese loan will be issued at 90 and will run 20 years, with the option to Japan of redemption at par at the end of five years.

THIRD BATTLE SQUADRON.

Port Said, March 24.—The Russian third battle squadron has arrived here apparently en route to join Admiral Rozhdestvensky.

anti-revolutionary propaganda either by sermons or writings. The military governor of Cronstadt has taken measures for Father John's protection.
The strategic weakness of General Linievitch's position as he falls back northward is made clear by a Gunshu dispatch, in which it is pointed out that unless Chuchatsuo and the Sungari lines, a scant hundred miles below Harbin, can be held, it will be difficult to maintain a position further back before Harbin, where, with the front of the army paralleling the railroad, the practicability of a turning movement

to completely sever communications and isolate the army 6,000 miles from home is too serious for Russian consideration. In view of this, the dispatch alluded to suggests the advisability of immediately providing Vladivostok with war munitions and supplies for a two years' siege. The correspondent estimates the number of reinforcements needed to give General Linievitch the requisite superiority in force at 200,000. That such a dispatch should have been permitted to pass the censor at the front is significant; and if General Linievitch has communicated a similar estimate of the situation direct to Emperor Nicholas it may account for his majesty's increased disposition to listen to peace counsels and open negotiations before the Japanese establish themselves on Russian soil. With Manchuria entirely abandoned to the Japanese and Vladivostok left as Russia's solitary sentinel on the Pacific, it is realized that Russia will be practically at Japan's mercy in the matter of peace terms.

FATHER JOHN OF CRONSTADT, RUSSIA'S FAMOUS PRIEST.

Columbus, March 24.—The appointments of trustees of state institutions made by Governor Herrick today include John Kaiser of Marietta, Athens hospital, Wm. E. Haynes of Sandusky school for the feeble minded, Chas. N. Gaumer of Mansfield, school for the blind, Thos. T. Dill, of Mansfield, Soldiers' and Sailors' Home, and R. Brinkerhoff of Mansfield, board of charities.

Missing Girl is a Bride.
Cincinnati, O., March 24.—The mystery as to the disappearance of Mary Ellen Lucas, aged 15, from the Soldiers' and Sailors' Orphans' Home, at Xenia, whose clothes were found on the river bank here, is explained by the discovery that she and Paul K. Watson secured a marriage license in Covington, Ky.

FATAL RUNAWAY ACCIDENT.

Bellaire, O., March 24.—Two will probably die, and five others are severely injured as the result of a runaway accident. The injured: Mrs. Shane Bell, wife of lieutenant of police of Benwood, cut by glass, will hardly survive; Mrs. John Morris, Benwood, injured internally, will die; Mrs. John Roby, McMechen, shoulder blade broken; Miss Alta King, McMechen, badly cut and bruised; Mrs. Charles Kinney, McMechen, cut by glass; Mrs. John Carpenter, broken limb and hand cut; Mrs. William Tarr and Mrs. Marquis, Benwood, cut and bruised. The two most seriously injured were in a carriage driven by Jacob Duke, returning from a funeral. The horses became frightened at a train and dashed into a carriage containing the others who were injured. The wheels caught and Duke's carriage was thrown over a 30-foot embankment, the driver escaping injury. The injured were removed to the Bellaire hospital.

ANOTHER VICTIM.

Cleveland, O., March 24.—Orestes C. Pinney, a well known attorney and a member of the battalion of engineers, who was one of those seriously injured in the railroad wreck at Clifton Station, Pa., three weeks ago, died in a hospital here as a result of injuries received. He had remained in a semi-conscious condition since the wreck occurred. His nine-year-old son, who was killed in the collision and whose body has been in a vault, will be buried with his father. Pinney's wife is seriously ill as the result of the shock.

SHEAR SHEEP BY MACHINERY.

Marysville, O., March 24.—At the farm of George M. Wilber, one mile west of this city, wool will be shorn from various parts of the state, especially prominent woolgrowers, will be present to witness the exhibition. The machine consists of two pairs of shears, propelled by a gasoline engine, two men operating it. It is claimed that two men can shear 200 sheep with the machine in a day, while the same band could shear only from 50 to 60 sheep in a day.

H. HAMILTON ELECTROCUTED

Annex of Ohio Pen Now Vacant—Execution Last Midnight Was a Success.

Columbus, O., March 24.

—Shortly after midnight Herman Hamilton, colored, of Portsmouth, O., met death in the electric chair in the penitentiary annex. He was calm and collected, and was escorted to the death chamber at 12:01 by Father Kelly. Hamilton muttered prayers continuously, and when asked for a statement replied: "I have nothing to say." At 12:03 Deputy Warden Wood turned on the current and at 12:05 the prison physician pronounced the man dead. It was one of the most successful electrocutions in the history of the penitentiary. Hamilton robbed and then murdered Foreman Lee Culver of the Norfolk and Western railroad, a white man, residing at Portsmouth, O. After robbing him of his money Hamilton placed his body in one of the coal tipplers at the terminal, and covered it over with iron. The crime was committed May 26, 1904. Hamilton was 32 years old. Previous to the killing of Culver Hamilton had a bad record.

COL. CODY LOSES

Court Refuses His Petition for a Divorce

FINDS IN FAVOR OF HIS WIFE

Judge Comments Sharply Upon Charges Made by Buffalo Bill—Comments His Wife's Conduct.

Sheridan, Wyo., March 24.—Judge Scott of the district court, in refusing the petition of Colonel William F. Cody (Buffalo Bill) for a divorce, reviewed the evidence, saying: "The first cause of action in this case is the charge of poisoning on Dec. 16, 1900, or some time prior thereto. The evidence wholly fails to support this issue, but shows the defendant was trying to rescue the plaintiff from a state of intoxication and administered, not poison, but remedies which she deemed beneficial. His inability to speak on this occasion did not come from these remedies, but came from his excessive use of intoxicating liquors at the banquet board, and was as humiliating to the defendant as to the plaintiff. The unhappiness shown by the action of the plaintiff is caused by the letter of their daughter, Arta Thorpe, whose beautiful character shone out from her unhappy home and the words of her letter written just before her death: 'Oh, papa, why did he do it? My heart is broken over it.' Moreover, the judge found that the charge of unbecoming actions on the part of the defendant toward the colonel's guests was not proved; that there was no evidence that she had even threatened her husband's life, and that when attending the funeral of her daughter Arta, at Rochester, N. Y., in February, 1904, she offered a permanent reconciliation and no answer ever came to this. 'She was an overindulgent mother and wife, who always took pride in his success and always looked forward to his homecoming and made great preparations to receive him,' concluded Judge Scott. 'In return for this wisely devotion the plaintiff has been cruel to her and heaped indignities upon her.'

An exception to the ruling of the court was noted by Judge H. S. Ridgely, attorney for Colonel Cody, and his request for 60 days for filing a petition for a rehearing was granted.

LOVER

Found the Girl's Body Mutilated and Cold in Death Lying in a Gutter Near Wheeling.

Wheeling, W. Va., March 24.—The mutilated body of Miss Hulda Schubert, an attractive 19-year-old girl, was found yesterday afternoon in a gutter a short distance from the road on Chaplin Hill, and near her home. She had been killed by some one who had previously assaulted her. Since Monday morning Miss Schubert had been missing.

Frank Smith, Miss Schubert's lover, made this discovery. He had started to climb the hill to go to her home when his eyes were attracted to an opened lunch basket and its scattered contents. Investigating he found his sweetheart's body cold in death. Her garments had been torn in shreds and there were black marks about her neck, showing she had been choked. The Schubert home is on Chaplin Hill, which overlooks the city. The road is traveled by only the few families. The girl's father and mother supposed she had gone to visit a friend during the flood, and they did not apprise the police of her absence. The young woman was industrious and held in high esteem. Her lover is frantic over her fate. The police are working hard, but have no clue so far. Last night a detachment of police had to club away swarms of morbidly curious who surrounded the Schubert home.

Did you ever see any one trying to wash themselves without soap or water?

If you did what would you say of him?

It is every bit as foolish to try to get rid of dandruff and to prevent baldness by feeding the germs which cause it, with Castor-oil, Yaseline, Glycerine and similar substances which form the principal ingredients of most so-called Hair Vigors.

Newbro's Herpicide is successful because it attacks and kills the parasitic germ which feeds on the hair roots. It is the original and only genuine scalp germicide manufactured.

UNANIMOUSLY

Committee Will Recommend Gift's Acceptance

MONEY WILL GO TO ORIENT

List of the Millions Rockefeller, Standard Oil King, Has Given to Colleges.

Boston, March 24.—Despite a storm of protest, the prudential committee of the American board of foreign missions will vote unanimously next Tuesday to accept the gift of \$100,000 from John D. Rockefeller. The money will follow the unanimous recommendation of the committee.

JOHN D. ROCKEFELLER.

ation of the sub-committee of three that the gift be accepted. The main issue of criticism is that Rockefeller's money is "tainted" because of the methods used in amassing it, and that such donations should not be accepted for use in Christian organizations.

The protest made by the New England Congregational ministers against the acceptance of John D. Rockefeller's gift of \$100,000 by the American Board of Foreign Missions is causing a wide agitation in church circles. Mr. Rockefeller's gifts to educational institutions and charities are not all recorded, but the following list shows estimated donations by him amounting to \$24,465,000:

Chicago university	\$11,000,000
Rush Medical college	6,000,000
Barnard college	1,375,000
Southern education fund	1,125,000

DR. W. H. DOANE

After What Doane Academy Was Named Vote the Music for Miss Crosby's Hymn.

A dispatch to the Advocate from Philadelphia, Pa., Friday, says that the Doane Academy, which was named after Dr. W. H. Doane, has been voted the music for Miss Crosby's Hymn.

On March 24, the Advocate published a column sketch of the famous hymn writer.

A few years ago Dr. W. H. Doane of Cincinnati, one of the liberal donors of Denison university, Granville, composed the music to "Safe in the Arms of Jesus," which was written by Miss Crosby.

Vote May Be Taken in Certain Sections of Newark—Rev. P. A. Baker is in the City.

The Rev. P. A. Baker, national superintendent of the Anti-Saloon league was in Newark today. It is intimated that advantage will be taken of the Brunswick law to vote several sections of the city "dry." Rev. Mr. Baker is known to have asked several prominent citizens if they thought such action would be successful if the question was brought to a nissue.

By a practically unanimous vote the British house of commons on Wednesday declared in favor of the continuance of the free trade policy. This result was due to the declaration of Premier Balfour that the cabinet would not consider the question as a party one, and the government's followers would therefore be free to vote as they pleased. This was a shrewd move, which enabled Mr. Balfour to escape a crisis, because of the position of Mr. Chamberlain and his followers. The direct proposition to alter the tariff, or, rather, free trade, policy of Great Britain, is one which has for many years been too dangerous for any leader to make. Mr. Chamberlain has for some time been trying to flank the question, and to prepare the people for the imposition of a tariff in favor of the colonies. But thus far he has failed to score any success, and the action of the house of commons on Wednesday indicates that he is, still remote from achieving his desires.

BIBERY CHARGE FAILS

Colorado Legislature Discredits the Senator as "Unworthy of Belief."

Denver, Colo., March 24.—The General Assembly in joint convention exonerated James M. Herbert, vice president and general manager of the Colorado Southern railroad, and Daniel M. Sullivan, postmaster of Cripple Creek, who had been charged with bribery.

When the joint convention was hearing arguments in the Peabody-Adams contest, Senator Richard W. Morgan, a Republican, presented a signed declaration that Herbert and Sullivan had offered him \$15,000 to vote for Alva Adams and that one-half of this sum had already been given him.

A committee presented a report that Senator Morgan was a confessed bribe taker and "unworthy of belief." The report was adopted by a vote of 73 to 2. Senator Morgan spoke in his own defense and declared he would push the prosecution of Herbert and Sullivan in the criminal court.

The committee asked leave to make recommendation to the Senate as to action in the case of Senator Morgan. The request was granted.

"I'M COMING,

"Annie, To You," He Cried After He Had Swallowed the Poison.
Double Tragedy.

Cleveland, O., March 24.—To join his bride, who killed herself for love just a few months ago, Albert Young, aged 24, drank laudanum. "I'm coming, Annie, to you," he gasped. The poison vial slipped from his fingers and he sank back unconscious. In a little while he was dead.

From the windows of the bedroom where the man died could be seen the lawn where the girl bride shot herself. With the pistol at her breast she cried to her husband, "Good-by Bert." Then she had pulled the trigger and fallen, hopelessly wounded, dying a week later.

They were married last June. Annie was 17. The night she shot herself they had started together for a call at a friend's house. They quarreled on the way over some trivial question. Both turned back home.

"You don't love me as you did," cried the bride. "I'm not as pretty, I guess, as some of the girls you know."

Four farewell notes were found under Young's pillow. To one addressed to his father was pinned a button photograph of the dead girl. It read: "Dear Father: Be sure and pin Annie's picture button on me."

"Your Dying Son."

They will pin the picture on Young's breast when they bury him. His grave will join that of his girl wife.

BEST SPRING MEDICINE.

Our Leading Druggist, Frank D. Hall, Out of His Vast Stock and Extensive Knowledge of Medicines Recommending Vinol as the Best.

"At this season of the year," said Mr. Frank D. Hall the other evening, "there isn't a man, woman or child in Newark, who does not need a medicine to purify and enrich the blood, to induce an appetite, to promote digestion and create strength, and we are safe in saying we have never sold anything in our store equal to Vinol for this purpose."

"This new way of administering the vital principles of cod liver oil has wrought a wonderful change in the field of medicine. There is no need to take greasy oil, emulsions or poisonous drugs to purify and enrich the blood and create health and strength for we guarantee that pure, simple and delicious preparation, Vinol will do it, or your money will be returned."

Mrs. Rose Lavigne of Burlington, Vt., writes: "Vinol is the best spring medicine I have ever used; it creates an appetite, purifies the blood and takes away all feeling of lassitude. My work, which seemed a burden before taking Vinol, is now a pleasure."

Mr. W. J. Stewart of Chelsea, Mass., writes: "I was all run down and in a debilitated condition; Vinol quickly built me up and brought back health and strength."

Mr. J. B. Keener, Augusta, Ga., writes: "When one gets all run down, loses appetite, feels nervous, I have found nothing so good as Vinol to restore strength and health."

Said Mr. Hall: "I could go on quoting from hundreds of such letters, and I wish I could persuade every person in Newark to try Vinol this spring on our guarantee to return money if they are not benefited. Frank D. Hall, Druggist."

CAPT. F. G. WARDEN

WHO WAS HURT AT NEW ORLEANS AGAIN IN HOSPITAL.

Newark Man Who Was Hurt at New Orleans Now Improving at Los Angeles, California.

Word has been received here that Capt. F. G. Warden is now in a hospital at Los Angeles, Cal., where he is rapidly recovering from injuries received in New Orleans a short time ago. It will be remembered that the cab in which Mr. Warden was being conveyed from a hotel in New Orleans to the depot, was struck by a motor car, and that he was thrown out and sustained painful though not serious injuries. After remaining in a hospital in New Orleans for four days in went to San Antonio, Texas, from which place he wrote home regarding his accident, saying that he was out on crutches. From San Antonio he went to Los Angeles to join his wife and mother, who have been making an extended stay there.

BABY FORGOTTEN BY ITS MOTHER

LITTLE TOT CARRIED ON TRAIN TWO HUNDRED MILES, FINALLY LOCATED.

Telegrams Sent to Iowa and Trainmen Saw Baby Was Safely Returned To Its Home.

Hillsdale, Ill., March 24.—The six-week-old babe of Mrs. E. R. Merryman arrived home here after having been carried 200 miles by rail before the anxious mother discovered what had become of the child. Mrs. Merryman and her baby daughter were visiting in a nearby town. On returning home the mother was met at the train by her sister. Mrs. Merryman was so anxious to get home that she forgot about her sleeping infant and hurried away, talking about her pleasant visit. After a time she went to the bedroom where she thought she had placed the child, but the infant was gone. Mrs. Merryman, after collecting her thoughts, discovered she had forgotten the baby. Telegrams were sent after the train, and in Iowa the child was found, still sleeping. In the care of trainmen the babe was promptly sent home.

The magic of first love is that it goes so soon and is remembered so long.

COST OF CONDUCTING SCHOOLS

Figures Showing the Large Amount of Money Needed for Public School System in Newark—City Teachers and Their Salaries.

Few people have an accurate conception of the vast amount of money required to operate the Newark public schools and yet it may be truthfully said that the schools are managed economically and honestly, the present board of education and the officers in charge of the schools all being men of integrity, honor and ability.

Newark last year set a pattern for the state by making its school board non-partisan and by electing some of her best men to manage the public school affairs, half of them being Democrats, half Republicans.

For the present year the school board has a levy of nine mills which produces the sum of \$69,282, and from the State common school fund the board receives about \$9,000 the current year, out of which the expenses of conducting the schools are paid. The duplicate shows a valuation of \$7,638,000 in round numbers and under the new school law Boards of Education may make a levy not to exceed 12 mills. A year ago the levy was eight mills in Newark which was the limit under the old law but the rapid growth of the city and increase in the number of children of school age has made it necessary to erect more buildings, enlarge others and employ more teachers all of which takes money.

The school money is divided by the Board into four funds: Tuition fund out of which teachers are paid; Contingent fund for the payment of janitors, officers and incidental expenses, Building fund for the erection of new buildings or additions to buildings already in use and fourth, Sinking fund for the payment of bonds and interest on school bonds.

For the current year the levy is divided as follows: Tuition fund 5 mills, Contingent fund 2 mills, Building fund 1 mill, Sinking fund 1 mill; total 9 mills.

It takes from \$14,000 to \$16,000 a year for contingent expenses, including fuel, etc. Then between \$6,000 and \$7,000 goes to pay bonds as they become due and interest on outstanding bonds. The balance goes to teachers, officers, janitors and general expense of conducting the vast school system.

The following is a list of employees in the public schools in the city of Newark, with the yearly salary paid to each employee, the list being furnished by Attorney D. M. Keller, clerk of the Board of Education: Supt. J. D. Simpkins \$2,000 N. B. Yearley, Supervisor of Music 900 F. G. Steele, Supervisor of Drawing 950 E. P. Childs, Principal of High School 1,600 U. G. DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty cent and home of Swamp-Root, dollar sizes are sold by all good druggists.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

One new school house was recently completed on Vine street and is now in use. Another new building is about to be erected in Woodside. Many of the rooms are crowded and it is necessary to provide more room for the boys and girls.

ARE NOT SATISFIED

Men are not satisfied with a Suit or Overcoat that just serves as a covering. When they buy their clothing they want it of the right material, they want it to fit right and they want it to stay fit and hold its shape during the whole time of wearing. You will find

Rutledge Bros. Clothing

Fill all of the above requirements. You will find their spring line just to your liking. You will find their spring line two times as large as any in the city.

Satisfaction in Buying Wall Paper

Can only be had where the assortment is shown in correct patterns, latest novelties and artistic designs. You have no trouble in selecting paper for the kitchen, but when you want your house properly decorated at a moderate expenditure you go where they have the knowledge and ability to make your home beautiful and attractive. It is not altogether the price of the paper that makes the beautiful room, for we have seen 3c papers, when properly hung, that had a most graceful and artistic effect. We have competent men who have had years of experience with some of the leading Wall Paper and Decorating houses in the largest cities, who will be glad to assist you in making your home beautiful.

MORTGAGES.

A lot of you readers have mortgages on your homes. Seems like it's about all you can do to pay the interest on it. If you, a big, strong man, can't raise that mortgage, will you tell us how your widow is going to do it? Raising your children will keep her fully entertained, and if you don't provide the means of raising the mortgage, the sheriff will raise the roof from the heads of your dependent ones. This isn't sentiment—it's a brutal fact. A policy in the Equitable Life of New York will raise both the mortgage and the children, and it costs very little, too. You don't have to die to win; if you live to an old age, the cash value of the policy, which will be a large sum, may be drawn by you and used for your own support.

CIRCUS SEASON

Opened by Barnum & Bailey Show in New York—"Dip of Death" in an Automobile.

New York, March 24.—The Barnum & Bailey circus began its summer season, Madison Square Garden being crowded at both afternoon and evening performances. The feature of the program is Mile. De Tiers' thrilling "dip of death," an elaborated style of looping the loop done in an automobile. This is Mile. De Tiers' first American appearance. The Delhi Durbar is the most spectacular feature of the show. Other hair-raising acts were furnished and the performances were applauded liberally.

GRANVILLE NEWS

PHI GAMMS CELEBRATE THEIR 20TH ANNIVERSARY.

Pig Roast Enjoyed at Chapter House Thursday Night—The Menu and Program of Talks.

Granville, March 24.—An important event in local college fraternity circles, among a portion of Denison University students, took place here last night. The occasion was the second annual "Norris", which being translated into the vernacular means "pig roast," and the twentieth anniversary celebration of the institution of Lambda Deuteron Chapter of Phi Gamma Delta.

The celebration took the form of an elaborate banquet, which was given by Lambda Deuteron chapter to the local brethren of the fraternity and invited brothers from abroad in Lambda Deuteron's beautiful Chapter house on Broadway, one of the finest Chapter houses by the way, possessed by any fraternity anywhere.

Lambda Deuteron Chapter, Phi Gamma Delta, was instituted in 1885, with the following charter members: Samuel Edward Davies, August Frederick Forster, Albert Van Cliff Gear, Perry Wilson Longfellow, Eugene Mead, Enoch Jones Price and John Sinsel.

At the appointed hour a large number of Phi Gamms sat down to the elegantly appointed tables and partook of the sumptuous banquet, which was one of the finest ever served in Granville, the menu being as follows:

Cream of tomatoes
Roast pig, a la Norris
Apple sauce
Mashed potatoes
Peas
Hot Rolls
Olives
Fruit Jelly
Phi Punch
Lambda Deuteron Salad
Cheese Fingers
Ice Cream
Cake
Candied Oranges
Coffee
Cigars

At the conclusion of the banquet the following program was carried out:

Charles K. Chapman, Symposiarch.

"The Early Days," Dr. August F. Forster, '87.

"Phi Gamma Delta," Dr. Wilmer Christian.

"The Early Nineties," Charles B. White, '93.

"Our Sisters," Ellis P. Legler, '07.

"Alma Mater," W. F. Chamberlin, '93.

"Fraternal Ideals," Rev. J. C. Schindel.

The active members of the chapter are as follows:

Seniors: Charles King Chapman, John Anthony Cherney, Arthur Noyes Peckham.

Juniors: Boyd Blyne Chambers, Arthur Hanley Hixon, Merrill Rees Montgomery, Robert Eager Pond, Robert Waite Sullivan, John Criswell Swartz.

Sophomores: Carlton William Atwater, John Walter Beattie, Jay Allen Craven, Ellis Peter Legler, William Alonzo Martin, David Hugh Miller, LeRoy Duane Sargent, Robert Klinger Walsh.

Freshmen: Floyd Clarence Anderson, Alexander Hegler Ballard, Boyd Anderson Bennett, Elmer Charles DeClerque, Charles Emanuel Kaufman, Charles Holland Kesler, Frank Melis Robbins, Lyman Wright Rogers, Orley Henry See.

Pledged Men: Harold Edgar Lamson, Robert John Lamson, Charles Austin Purinton, Frederick McIntosh Spencer, Arnold Heatherington Told, Herman Wesley Weber.

Chamberlain's Colic, Cholera and Diarrhoea Remedy.

The great success of this preparation in the relief and cure of bowel complaints has brought it into almost universal use. It never fails, and when reduced with water and sweetened is pleasant to take. It is equally valuable for children and adults. For sale by all druggists.

No Contraband Aboard.

Seattle, Wash., March 24.—Acting Secretary of State Adee wired the Northwestern Steamship company that the steamship Tacoma, recently captured by the Japanese, had been towed to Nagasaki, where the Japanese prize court is sitting. John P. Hartman, representing the Northwestern Steamship company, at once wired Mr. Adee to the effect that the Tacoma was not carrying contraband goods, that she was bound direct for Shanghai, and that every barrel of beef she carried was consigned to a Shanghai merchant. The state department was asked to intervene if possible, to prevent the condemnation of the Tacoma.

Assistant Secretary of Navy.

Detroit, Mich., March 24.—Truman H. Newberry of this city, who has accepted the appointment as assistant secretary of the navy, is a native of this city. He was born in 1861, and graduated from the scientific school of Yale university in 1885. For several years after his graduation Mr. Newberry was engaged in railroad construction in upper Michigan with his father, the late John S. Newberry, and Senator R. A. Alger.

OIL AND GAS

NOTES ON DEVELOPMENT OF THE LICKING COUNTY FIELD.

"Mystery" Oil Well on Rice Farm in Knox County Shot Thursday. An Oil Pipe Line.

Daniels well No. 3 of the Granville company was shot with 40 quarts by Wm. Morey Wednesday. It made it one and a half millions temporarily. No. 1, near it, is a four million producer.

The Granville company got a good well Sunday in Meekkan township.

The Coshocton County Oil and Gas company has abandoned its plans for development and has surrendered its charter to the state.

The Columbus company got a good well on the McCarty farm in Union township, the third one on that lease. It also got a big well on the Dudley Taylor farm.

Hagerson's string and crew are moving on the Williams well to the rig on Harrison Bell beside the Central Glass factory, where drilling will be commenced at once.

The fifth well of the Heisey company on the Alltop farm of 100 acres near Union Station came in Saturday. It is much the smallest of the lot, making less than a million.

The Ohio Fuel Supply company has started a test well on the Cochran farm one mile south of Howard, and a mile and a half northwest of the Tish well which was a duster.

The "Mystery" oil well of the Ohio Union company, on the John Rice farm near Danville, was shot by Wm. Morey Thursday. It does not show as much oil as the Tisserand well northeast of Danville.

The Central Ohio company's well on the Baner Williams farm two miles and a quarter south of Utica, was brought in Monday. It is a fine well, gauging nearly two and a half millions. It makes the people about St. Louisville feel that they are "in it."

An oil pipe line from the Bladensburg neighborhood is said to be under consideration, since the second good oil well came in and proved the existence of the oil field.

The shot given at the Logan's Hall well by Wm. Morey developed a fine show of oil. It is said to be better than the McKee well 1200 feet east of it. The McKee is not being operated steadily, on account of a lack of tankage, but it is said to be capable of making better than 60 barrels a day steadily. Logan officials have given the impression that they will start three more wells in the same neighborhood soon, and that one of them will be west of the Hall well and close to the mill property which is owned by Miss Clark and A. H. Shaw of Utica.

Wrecked by High Winds.

Marion, Ind., March 24.—High wind wrecked a portion of the American Windowglass factory's plant at Gas City. Those injured in the wreckage were: William Nee of Marion, back badly sprained, head cut, will probably die; Luther Arnold of Marion, collar bone broken and cut about body, serious but will recover. With 15 other men Nee and Arnold were engaged in razing the factory building, which has been abandoned, when the wind blew down the part of the structure which had been left standing.

Switch Engines Wrecked.

Indianapolis, Ind., March 24.—In a collision between two switch engines in the Big Four yards, in Norwood, five trainmen were injured and two engines were damaged.

IN ONE NIGHT.

Wonderful Effects of Smith's Pineapple and Butternut Pills.

TRY THEM. YOU WILL USE NO OTHER

When the liver refuses to perform its functions of secreting bile and the bowels become inactive and loaded with foul waste materials, the effect on the mind is most distressing. Under such conditions the bright, sociable, lively, and energetic man becomes a sullen, morose, and nervous creature, fretful and nervous with vague fears of impending danger like phantoms distort the mental vision.

What ails you? Is your liver congested, torpid, sick? What's to be done? Take two of Smith's Pineapple and Butternut Pills after dinner and again at night. What then you ask. Just wait till morning. You will see things in a new light then, the light of recovered liver activity. Your brain will be cleared, your appetite returned and life again sunny and bright. Keep this treatment for a week, and your blood will be bright, purified, and your liver healthy. Your bowels regulated, your stomach natural and the life function of the liver acting in harmony with digestion and nutrition. NEW SCALES AT NEWARK YARD

LABOR SAVING DEVICE HAS JUST
BEEN INSTALLED BY THE
COMPANY.

Accident on Lake Erie Division—Pres-
ident Murray in Cincinnati—Per-
sonal News Items.

Of all the labor saving devices which
have been installed at the B. & O.
yards during the past two years the
automatic scales, used in weighing
cars loaded with merchandise, is, per-
haps the greatest and most delicate in-
vention in use in Newark.

It is a mechanical device whereby
a car can be run onto the scales and
weighed, the exact weight recorded
and the scales set for the next car, all
within the smallest fraction of a mo-
ment. By this device an engine crew
and two switchmen can weigh a train
of cars within fifteen or twenty min-
utes, where several hours were re-
quired when the cars were weighed by
hand.

A large wheel, bearing all the
weights likely to be used, from zero
to several hundred thousand pounds,
is attached by a mechanical contrivance
to the beam, which is affected by
the weight of the car when it is
entirely on the scale. At this critical
moment the front wheels of the car re-
lease a trigger which sets the mech-
anism on the inside of the scale house.
This trips a lever, hammer fashion,
which strikes a strip of white paper ar-
ranged in such a manner that the ex-
act weight of the car is printed on the
strip, which in turn is wound by clock
work on a spool contained in the ma-
chine and is kept at the scale house
for reference.

Refrigerator Mikesell who superin-
tends the weighing, understands the
machine so thoroughly that the weigh-
ing can be done and the number of the
car recorded on the strip of paper al-
most as fast as the cars can be pushed
across the scales.

President Murray at Cincinnati.

Oscar G. Murray, president of the
B. & O. road, is now en route to Cin-
cinnati to attend the annual banquet
tomorrow night. He took advantage of
the trip to make an inspection of the
road. He arrived in a special train at
Parkersburg, W. Va., last night. Be-
sides his secretaries he is accompan-
ied by Mr. G. L. Potter, third vice
president of the B. & O. Mr. W. M.
Greene, vice president and general
manager, and W. H. Brimmon, general
superintendent of the B. & O. S. W.,
left Cincinnati last evening for Park-
ersburg to meet Mr. Murray.

Yard Clerk as Drummer.

Home Y. Allen, well known clerk
in the yard office, has accepted a pos-
ition with the Styron Begg company
as traveling salesman. He made his
first trip Friday. Mr. Allen will be as-
signed to a West Virginia district,
leaving next Monday for his new terri-
tory.

New Refrigerator Cars.

The first of new refrigerator cars
ordered several months ago by the B.
& O. company, passed through Newark
today. The cars are painted a dark
green, the old ones being a bright
yellow. The new refrigerators have a
new system of ventilating and by a
new device the car is said to be her-
metically sealed when the door is once
closed. Five hundred of these cars are
being built for the B. & O. company.

Wreck at Fredericktown.

A freight wreck at Fredericktown on
Thursday afternoon blocked the B. &
O. tracks for nearly twelve hours, de-
laying passenger trains Nos. 16 and 8
until after 12 o'clock. Freight train
No. 40 collided with the rear end of
freight train No. 30, second section.
Both trains were north bound. The
caboose of train 30 was damaged and
five cars were derailed. The locomotive
pulling train No. 40 left the track
but the crew of the engine jumped in
time to escape injury.

Plans for Subways.

New York, March 24.—Plans for sub-
ways to cost \$230,000,000, submitted by
the New York City Railroad company
and by the Interborough company,
were made public by the board of rapid
transit commissioners. The plans of
the New York City Railroad company
call for an outlay of \$165,000,000. Au-
gust Belmont's plans for additions to
the Interborough system provide for
the expenditure of \$65,000,000. The In-
terborough company's plans call for a
four-track extension of the present
subway from Grand Central station to
149th street, the Bronx, on the East
Side; an extension on the West Side
from Times square to the battery; two
additional tracks to the Second avenue
elevated and extensions and loops on
Manhattan island and in Brooklyn.

Given Strenuous Test.

The 2789, one of the big Atlantic type
passenger locomotives of the New
York Central, was given a strenuous
test on the Big Four Wednesday. Pull-
ing a heavy train of 12 cars she lost
but two minutes in the 128 mile run
from Cleveland to Columbus. The test
was made on Big Four No. 33, which
is due in Columbus at 3:55 p. m. This
train usually carries but six cars, but
for the purpose of giving the New
York Central monster a test the equip-

ment was doubled. Three "dead head"
cars and three cars loaded with immi-
grants were attached, making a very
heavy train. As announced recently
the Vanderbilt officials have decided
to test the various classes of locomotives
used on the several roads com-
prising the system in order to deter-
mine which class of engine renders the
best service that it may be adopted for
all of the Vanderbilt lines.

Tons of Maple Sugar.

Nineteen tons of maple sugar were
handed out of East Liberty by the
St. Mary's branch of the Ohio Central
lines during Wednesday night. East
Liberty is in the heart of the maple
sugar district of Logan county. In ad-
dition to the sugar thousands of gal-
lons of syrup were sent to all parts of
the country via Columbus. Superin-
tendent Speaks of the Ohio Central
says that the shipments this year
have broken all records.

Champion Liniment for Rheumatism.

Chas. Drake, a mail carrier at Chap-
inville, Conn., says: "Chamberlain's
Pain Balm is the champion of all lin-
iments. The past year I was troubled
a great deal with rheumatism in my
shoulder. After trying several cures
the storekeeper here recommended this
remedy and it completely cured me."
There is no use of anyone suffer-
ing from the painful ailment when this
liniment can be obtained for a small
sum. One application gives prompt
relief and its continued use for a
short time will produce a perman-
ent cure. For sale by all druggists.

DUKE'S TITLE

Is Offered for Sale—Agent Thinks

That Here is a Very Good Chance

for Some Rich American.

New York, March 24.—The Evening

Post prints a letter received from a

correspondent in France offering to

sell on good terms the title of Duke.

The correspondent is the agent for

the impetuous nobleman, who is

ashamed to dispose of the title in the

land of his birth. He believes some

rich American will be glad to purchase

the distinction, as he thinks it would

greatly aid the son of such a man in

the matrimonial market.

The letter follows:

"Sir: A person told me to sell for

his account a title of Duke. Numerous

purchasers presented themselves. The

bargain was to be made with very

good terms. I received an order from

the seller, telling me for motives that

I respect to sell the title only in a

foreign land.

"I immediately thought of you, be-

lieving that among your numerous

readers there will be some rich gen-
tleman desiring to ennoble himself and
his family, especially his son, if he
has any, in this way enabling the son
to contract a brilliant marriage and
have a high position. If you find, sir,
the person of whom I am speaking, or
if you prefer to make the bargain your-
self, let me know. But at the same
time keep the greatest discretion."

"In case that you do not want to

take advantage of this offer I would

be obliged to you if you would tell me

some one I can address.

"Receive, sir, my most sincere

salutations. A. ENOCH.

Building Permits.

Seven years ago Mr. Frank Bader
purchased the southeast corner of the
Doty House at the northwest corner of
the public square, paying \$9,000 for a
strip 16 feet wide by 150 feet deep. A
few days ago Mr. T. O. Donovan offer-
ed Mr. Bader \$20,000 for this 16 foot
strip, but the offer was declined.

In Odd Fellows Block.

An Advocate reporter in conversa-
tion with a prominent Odd Fellow offi-
cial regarding the purchase of the In-
ker block on West Main street, was in-
formed that it was not yet known who
would go into the room now occupied
by Charles Siane, as it had not as yet
been rented.

Advances in Real Estate.

Speaking of real estate values, Mr.
Harry Swisher who has just returned
from the Pacific coast, relates the fol-
lowing incident that came under his
observation in the city of Los Angeles,
Calif. A little over 20 years ago a re-
sident of Los Angeles became indebted
to a teamster to the extent of \$175,
which he was unable to pay. After
some hesitation the teamster consent-
ed to accept a lot upon which there
was a \$300 mortgage as payment of
the debt. Soon afterward Los Angeles
began to grow and property jumped in
value while people slept. On day a
company came along and made a 20
year lease on the lot owned by the
teamster and erected a big block with
the provision that it should revert to
the original owner at the expiration of
the lease. The 20 years have just end-
ed and now the property has come into
the possession of the teamster's son,
and it is worth a quarter of a million
dollars. The old man failed to live to
enjoy the benefits of his \$175 invest-
ment in a lot.

Building Almost Completed.

It is expected that the new Handel
building on Church street will be com-
pleted by the first of April. When
completed the building will be one of
the most up to date structures in the
city. It consists of three full stories
and a basement. The second and third
stories which contain eighteen hand-
somer appointed rooms, fitted up with
all modern conveniences, will be used
exclusively for rooming purposes. The
first floor, which is 92x20 feet, will be
used as a store room. As yet, however,
it has not been leased. This is one of
the most desirable locations in the
city.

K. OF P. BANQUET AT JOHNSTOWN

MR. W. A. ASHBROOK ENTERTAINED MEMBERS, FULFILLING HIS PLEDGE TO LODGE.

Degree Work Took Place in the Afternoon, Followed by a Fine Spread. Several Good Speeches.

It will be remembered that some time ago, Mr. W. A. Ashbrook, the well known editor of the Johnstown Independent, made a promise to the members of White Cross Lodge, Knights of Pythias of Johnstown, of which he is a very enthusiastic member, that if they would secure a membership of two hundred he would give them a fine banquet. The members of the lodge went to work with a will and as a consequence the membership of the lodge today is over two hundred.

Thursday was the day selected by Mr. Ashbrook for the fulfillment of his pledge to give the banquet, and night royally did he carry it out.

The entire afternoon and evening of Thursday were devoted to the performance of the function. At the afternoon session, which began at 2 o'clock, and lasted until 5:30 o'clock, the entire time was given up to work in the Knight rank, which was put on in a splendid manner by the celebrated drill of White Cross Lodge with Captains Bishop and Baker. Fourteen Knights were initiated Thursday, in addition to several Esquires and Pages.

At 5:30 o'clock the elegant banquet was given by Mr. Ashbrook in the banquet room of the church, which was thorough and complete in all its details, and delightfully appetizing. Over two hundred Knights were seated at one time at the banquet table, and the service was complete in every detail, reflecting great credit on the ladies who served it. At the conclusion of the banquet, on motion of Mr. R. L. Patton, which received a dozen seconds, Mr. W. A. Ashbrook, the host of the banquet, was made toastmaster of the occasion, and responded in very happy and feeling remarks.

The distinguished guest of honor, Mr. W. A. Beattie of Toledo, was introduced as the first speaker, and made some happy and pleasant remarks fitting to the occasion, that were received with great appreciation by the company.

Rev. Mr. Wright, pastor of the Johnstown M. E. church, was the next speaker, and made a decided hit, showing that he was the right man in the right place.

Judge E. M. P. Brister followed in an address appropriate to the occasion, in which some of the principal points of Pythianism were happily brought out.

The Knights then adjourned to the K. P. hall, where work was resumed in the ranks, not being concluded until past midnight. Fourteen new Knights and a number of Esquires and Pages were the result of Thursday's work done. At the conclusion of the work light refreshments were served and a symposium of short speech making followed, in which Bros. Beattie, Rev. Mr. Wright, Judge E. M. P. Brister, Captains Bishop and Baker, Mr. Bennet Frosh of Columbus, Dr. Burke, Dr. Ashbrook and others took part.

The beautiful floor work of the White Cross drill team was spoken of in the highest praise by Grand Keeper of Records and Seals Beattie and all present.

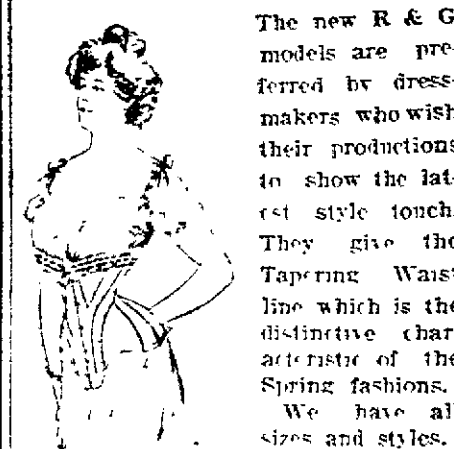

Delightful music was furnished throughout the day and evening by an orchestra composed of members of the lodge.

It was in the wee sma' hours of the morning that the meeting at last reluctantly adjourned, each and every one feeling that the day and evening had been delightfully spent as the guests of Mr. Ashbrook, and of White Cross lodge.

ROCKEFELLER'S GIFT OF \$100,000

LOCAL MINISTERS ASKED AS TO ACCEPTANCE OF CASH FROM THE TRUST.

Action Recently Taken by Eastern Clergymen Creates Much Discussion Over the Country.

A telegram to the Advocate from Boston Friday says that despite the storm of protest, the committee of the American board of foreign missions will vote unanimously next Tuesday to accept John D. Rockefeller's gift of \$100,000.

The action of the eastern ministers in condemning the acceptance of this gift because of the methods of the Standard Oil trust has created widespread comment over the country. Many different views are expressed. It will be remembered that a few years ago Mr. Rockefeller gave to Denison university at Granville the sum of \$100,000.

An Advocate reporter on Friday put the question to three of Newark's well known ministers. The result follows:

The Rev. J. C. Schindel said: "There is no such thing as consecrated or unconsecrated wealth in the eyes of God. All possessions are His. If men are unfaithful stewards and they are moved by any spirit whatever to put their wealth in the hands of faithful stewards, there is no reason why the faithful stewards should not receive it and under the guidance of God's Holy Spirit use it for the greater glory of God.

"After all there is no such thing as a 'personal gift.' Who knows what spirit moves the opulent brewer to endow a church orphanage? If any many, by what the commercial world dominates 'by unjust methods' gains large wealth and turns it over for a better and holier use, who can tell what spirit moves him to do this?"

The Rev. T. A. Cosgrove, pastor of the Second Presbyterian church said: "The church's responsibility is greater in using the money given it than in receiving it."

Rev. Mr. Warner of the Congregational church, declined to discuss the question until he could look into it more thoroughly, but said:

"The responsibility of refusing now rests with the members of the church to whom the offer was made, and I for one wish the offer had not been made as a great question has been raised which has to be decided by the Congregationalists."

He declined to further discuss the matter until he received a full report in the church paper.

A press-telegram to the Advocate from Boston Friday says:

If John D. Rockefeller, with his estimated wealth of \$600,000,000 should die, the United States treasury would benefit to the extent of \$360,000,000, provided the inheritance legislation drafted by Neal T. Sullivan were in force. Sullivan is an insurance expert and a number of the national inheritance tax league whose aim shall be to limit the unjust accumulation of wealth by a few. To this end he wants a tax of 1 per cent imposed on all inheritances up to \$25,000 and ranging to 60 per cent on inheritances of \$25,000,000 or over.

Mr. Pfendler is Now Engaged in Decorating Interior of the Upper Rooms of the Building.

Mr. N. Pfendler and several assistants are busily engaged in redecorating the interior of the Soldiers' Memorial Hall in the Soldiers and Sailors' Memorial building.

Mr. Pfendler secured the contract for decorating the rooms at the last meeting of the trustees and since that time has been engaged in the work and now has the main hall and several of the smaller rooms finished.

The auditorium in which the meetings of the G. A. R. U. V. L. Spanish War Veterans and the various ladies societies are held, is being finished as follows. The ceiling in tan, with light straw moulding and a beautiful emblematic device of military valor for the centerpiece. The cope is being finished in terre cotta with a boarder showing the badges of the various army corps.

The side walls are sage green, the lower portion being done in burlap with oak moulding. The ante-rooms will all be tinted. Mr. Pfendler expects to have the work finished and ready for occupancy in two weeks.

AMUSEMENTS

The Morgantown Chronicle of March 5, prints this notice: "For Fair Virginia" made a big hit in the local theatre. The only war drama of the present theatrical season in Morgantown held the boards last evening and made a hit. "For Fair Virginia" was the title and the type of drama can be conjectured from that. A good crowd heard the play, nearly every seat being filled. Perhaps the star of the troupe containing no weaklings, was Miss Tyrell, as the Yankee girl. She has expression of voice and countenance at her command, and very fetching stage presence. Miss Forde as the Southern Yankee was deserving of mention.

"For Fair Virginia" will be seen at the Auditorium tonight.

LORD CHUMLEY.

The attraction at the Auditorium on Friday, March 21, will be Cecil De Mille in a revival of "Lord Chumley," the comedy in which E. H. Sothern, won his greatest success. "Lord Chumley" was written for Mr. Sothern by David Belasco and H. C. De Mille, and was first produced by them in their famous Lyceum Stock Company in New York, where it ran for over 300 consecutive nights.

THE DENVER EXPRESS.

The attraction at the Auditorium tomorrow night, is the sensational comedy drama, "The Denver Express." The lines are said to be original, bright, clean and sparkling, and the piece goes with a dash and finish from first to last that provokes uproarious laughter and most hearty applause. The plot is interwoven with a beautiful love story full of many serious and comical situations.
